between L18 and Lot 22,

Dear Mr. & Mrs. Ciccotelli::

The FCAA Board of Directors approved at the December 18, 2003 meeting, the above referenced project.

Pursuant to your request for the easement abandonment of the above-reference property, Staff has researched your request and presently FCAA has a 4" water main and meter located in the portion of the right-of-way that was previously abandoned. The FCAA will require an easement that covers the entire North Drive Street right-of-way to be abandoned. The applicants have agreed to have a no gate to be erected and hold harmless clause for any damages that might occur within the easement area.

Should you have any questions, please do not hesitate to call this office.

This memo is for the proposed right of way abandonment of a portion of North Drive located in Stillwright Point Subdivision No. 2, Key Largo.

On 2/25/04 Richard Blount visited the site and found the site clear of any structures except asphalt pavement.

He found that part of the request involves the owner of lots 19 & 22. From the sketch, you can see that if the owner of lot 22 ever sells lot 19 that new owner will not have access to his property via a public right of way.

The Planning Department does not have any objection to the abandonment.

We feel that FKAA may have some objection because of their required easement.
